June 2021

Welcome to Camden People First **June** Newsletter.

We are all hoping to hear good news from the government soon.

We hope lockdown will be over by June 21 which is this month.

We know there might be some **delays** because of the new Indian Covid that is going around.

The government wants us all to be safe before lockdown is over so we do not have another one.

We are trying to **stay positive** and hope for the best.

We look forward to seeing our friends and family again after a long time inside.

We are all very excited.

Feedback from members

*I am coping well with my job with photosymbol, but everything is upside down and I want to go back to Camden People First office.*

*Working from home is not the same. It is too disturbing because my flatmate plays loud music and other people knock on my door when I am busy.*

*I have been keeping busy looking after the dog and trying to take her for walks. I look after mum especially to help with her arthritis. I go to the gym by myself in Kentish Town.*

*I am looking forward to going out because I go on walks already.*

*William died this morning so I am stressed out.  
I have been doing dancing in the Greenwood and I have been to Hampstead.*

*We miss the fun times at the office and can not wait to go back.*

We hope everyone is still **keeping safe and well** and hope to see you all soon.
