

Do you care for a young adult with intellectual developmental disability that has transitioned from children to adult behavioural services?

I am seeking participants to join my study to find out about the caregiver experience of the transition from children's Applied Behaviour Analysis (ABA) and/or Positive Behaviour Support (PBS) provision to adult intellectual disability services

What will participants be asked to do?

Take part in an individual interview where you will be asked about your experience as a caregiver during the transition from children's ABA/PBS provision to an adult provision

Who can join?

Caregivers of a young adult with an intellectual developmental disability that has transitioned to adult services and received behavioural support as a child

Researcher: Kim Oakes BSc. RNLD
Postgraduate Student
Tizard Centre, University of Kent
Supervisor: Dr Ceridwen Evans
